IBM Watson IoT Platform [Sign In](#)

The hero section features a dark blue background with a stylized circuit board pattern in white and light blue. The word "Things" is centered in a large, light blue, sans-serif font. To the left of "Things", the text "Collect data from" is written in white, with a line connecting it to a cloud icon. Below this, a factory icon and an airplane icon are connected by lines to the central "Things" text. To the right of "Things", the text "and make value from it" is written in white, with a line connecting it to a person icon. Below this, a smartphone icon and a server rack icon are connected by lines to the central "Things" text. At the bottom center, the text "Learn More" is written in white, with a downward-pointing chevron icon below it.

Device Credentials

You registered your device to the organization. Add these credentials to the device to connect it to the platform. After the device is connected, you can navigate to view connection and event details.

Organization ID	unzack
Device Type	38185-1660374533
Device ID	PNT2022TMID24757
Authentication Method	use-token-auth
Authentication Token	xqJT8KAbW0zopd?3yo

⚠

Authentication tokens are non-recoverable. If you misplace this token, you will need to re-register the device to generate a new authentication token.

Find out how to add these credentials to your device

Ready for the next level?

IBM Watson IoT Platform Journey

- ✓

Lite

The Lite service plan provides a lightweight development environment to get you started with the connectivity capabilities of Watson IoT Platform.
- ##### Non-Production

The Non-Production service plan is a full-featured, fully-integrated offering that enables you to explore Watson IoT Platform to see how the service can fit into your IoT environment.
- ##### Production

The Production service is a fully managed SaaS offering that enables you to manage and analyze enterprise IoT data.
